DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-6, 9-11 and 13-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claims 1-6, and 9-11, the claim language “m represents 0, and n represents 0 or 1” in Claim 1 is vague because the notation ring A and linking group L¹ is no longer existent when m=0. If Applicants intend to claim the compound limited to m=0 or n=0 or 1, then they need to rewrite the formula (I) and redefine the notations.

In Claims 6, 9-11, the claim language “ring B represents (I-3) or (I-4) which may be substituted with a halogen” is vague because when the ring B represents (I-3) in claim 1, the compounds are limited to formulas listed in Claim 1. The compound substituted with a halogen in Claim 4 is broader than Claim 1.

Claims 13-17 are rejected because they are dependent claims.

Also, Claims 18 and 19, the claimed compound is vague because the notations m and n are limited to 0 and 1.

Response to Arguments

Art Unit: 1756

2. Applicant's arguments with respect to claims 1-6, 9-11 and 12-19 have been considered but are moot in view of the new ground(s) of rejection.

First, Claim 2 is reconsidered as part of the election because the claim is not limited to ring substituted by "a" fluorine atom.

Second, The amended claims (m=0 and n=0 or 1) overcome the rejection over Kossmehl. Also, the ring B in formula I-2 is limited to the structure, which overcomes the rejection over JP 10-236992. The rejection over Sucrow (US '073) has been withdrawn because the compound is limited to condition iii in Claim 1.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
